

## Leader Profile

**Brian Davis**  
*Vice President  
Electrical Sales  
Air Transport & Regional*

Brian Davis is vice president of Electrical Sales for the Honeywell Aerospace Air Transport and Regional business, which is headquartered in Phoenix, Ariz.,

Brian is also chairman of the Honeywell Air Traffic Management (ATM) council which defines ATM strategy across all 3 business segments including air transport, business and general aviation, and defense and space. His other responsibilities include business strategy development for 2nd generation biofuels implementation.

Brian serves on the Board of Directors for the Air Transport Action Group (ATAG), based in Geneva, Switzerland. ATAG is an independent coalition of member organizations and companies throughout the global air transport industry, which advocates the environmentally responsible development of commercial aviation.

Davis joined Honeywell in September 2006, and was previously leading their Global Technical Operations organization for Customer and Product Support. Prior to Honeywell, Davis had over 20 years of experience in the airline industry in various senior management positions at Mesa Air Group, US Airways, Pro Air Inc., and United Airlines.

Davis holds a bachelor's degree in Aviation Management from Southern Illinois University. He also is an FAA licensed Airframe and Power Plant mechanic and pilot.
